2010 Scripting Games: Beginner Event 9--Adding Arrays

ScriptingGuy1   6 May 2010 1:01 AM   0

**Note**: We are no longer accepting entries for this event. See the due dates page for a list of all event due dates.

About This Event

Division	Beginner
Date of Event	May 6, 2010
Due Date	May 13, 2010

Event Scenario

You have two arrays of letters as seen here:

"a","b","c","d"

"d","g","f","e"

You need to add the two arrays, and remove duplicate letters. After you have added the two arrays, you need to display the letters as shown in the following image.
